JOSIAH TURNER, Jr., EDITOR.

GENERAL GEORGE H. THOMAS.

The New Orleans *Picayune*, in noticing the death of Gen. George H. Thomas, brings to mind several things that are more discreditable to the memory of the deceased hero than otherwise. The *Picayune* says:

At West Point, Thomas stood well in his classes, and graduated so high as to be assigned to the artillery. In the Mexican war he was distinguished for bravery, and for his conduct was rewarded by the gift of a splendid sword from the State of Virginia. On the formation of two regiments of cavalry, under an act of Congress passed during the administration of Gen. Pierce, Mr. Jefferson Davis being then Secretary of War, having resolved to select the officers for them from the elite of the service, recommended Thomas as major of the second cavalry, of which A. Sidney Johnston was made colonel, and Robert E. Lee lieutenant colonel. This regiment was assigned to duty in Texas, and as the sectional issues in Congress thenceforward became rapidly more prominent in their nature and bearing, they soon became also the themes for discussion at the mess tables of the army officers, between natives of the North and South. On all such occasions, George H Thomas distinguished himself by his bold advocacy of the rights of the South whenever they were called in question, taking the very extreme of Southern rights' theories, and of adherence to the doctrines of the Calhoun party as to constitutional limitations on the powers of the Federal Government with respect to the institutions of the various States. He was so open in his views and advocacy on this question, that he was called by some persons the apostle of secession in the army.

When the crisis came, at last, he manifested great impatience to leave the Federal army and join that of the South; and it is known to many officers on the ground that no less a person than Robert E. Lee advised him to greater moderation, and the propriety of waiting events before final action. But he promptly resigned his commission, and proceeded to Richmond to offer his services to Virginia and the Confederacy. Whether he did this directly and in unmistakable terms is somewhat uncertain; but during the war the Richmond *Examiner* repeatedly asserted that the letter was extant in which he had done so. We have heard, however, that when informed of the fact, after the war closed, by an old army associate, who espoused the Confederate side, he denied its truth. Be this as it may, Thomas left Richmond on his way North, as he alleged, to bring his wife, who was a New York lady, within the Confederate lines, but he never returned, except as a foe. The resignations of Johnston and Lee had made him a full colonel of cavalry; and yielding either to the influences of his Northern wife, or to considerations of material interest, he went over to the enemies of his section, repudiated all his former political declarations, and thenceforth, as long as the struggle continued, showed himself one of the most bitter, unrelenting and ungenerous foes of his native State and her sisters known in its history. His career in the Union army afforded full evidence of the truth of the old English saying, "that one renegade is worse than ten Turks," as the world has ever known. Apparently he took particular delight in destroying Southern property, outraging the rights and feelings of Southerners, and inflicting upon them the full measure of the horrors and inconveniences of war. Never during the contest, or since it closed, did he fail to misrepresent, or to slander the adherents of the Confederacy, particularly those in Kentucky and Tennessee, where most of his services was performed. Stained, however, as he was by the infamy of renegadism, he was not without conspicuous qualities. He was a brave, fearless soldier, and a good disciplinarian, and won the admiration and affection of his troops. Stern as his perverted nature was, he was not the cold butcher that Grant, Sherman and Sheridan showed themselves to be. He never descended to the level of Butler, Dow and some other Federal officers, by stealing private property from the inhabitants of the country which he occupied, for his own use. He never disgraced himself by bullying defenceless men, or insulting refined and delicate women. That is about all which we think even the most liberal Southern journal can say in his behalf, and we say it cheerfully as his rightful due.

To Virginians, the shameful defection of Thomas to the Southern cause, was peculiarly humiliating, as his career in Mexico had enlisted the pride and admiration of that noble and generous people. His name, joined with that of Winfield Scott, whom he resembled not a little in personal appearance, will go down to posterity, covered with their reprobation. He was alone, among his family, in this treachery to his native land, for his brother was an officer in the Confederate army; and a spirited and patriotic sister, one of those Virginia matrons who stood out during the desolation of their proud old Commonwealth by the Federal armies, in the resplendent majesty of devotion and self sacrifice, is reported to have answered an application for the sword which the State had presented to her recreant brother, by saying that he should not have it, as Virginia had presented it to a son of whom she was then proud, but that the hand of a traitor should never grasp its hilt. But the man has gone to his last account, having by his offences sacrificed all claim to a niche in the same commemorative temple of great Virginians, with Lee and Stonewall Jackson, and won only the very doubtful compliment of sharing such honors with the ruthless desolators of tyrannical oppressors of his native soil, and of his nearest kindred. Few should envy him such a fate.

ANOTHER EARTHQUAKE AT SAN FRANCISCO. A dispatch dated San Francisco, April 2, says: At ten minutes before twelve A. M. to day a sharp shock of earthquake occurred here. Its duration was six seconds, the direction from southeast to northwest and the motion vertical. There was no damage to life, limb or property, but there was intense excitement for a few moments. All animals were terribly frightened, and several runaways resulted from the fright. The city hall, where the courts were in session; the merchants, exchange, the mercantile library, the custom house and other large buildings were instantly vacated and a panic was created at the hotels. The streets swarmed with people in a moment. It was raining at the time. Prior to the shock the barometer was observed to fall very rapidly

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest* award in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past seasons.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity; making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at MRS. TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

SATURDAY, APRIL 9, 1870.

"SLEEPY DOWNING."

How this old spirit rapper obtained the *sobriquet* of "sleepy," we are at a loss to guess, for he is one of the "peartest" old men of his age that we know of, not even excepting Gen. Clingman. As an evidence of his "sprightliness," we may mention that, last winter, he left New York on a Friday, reached Raleigh on Saturday night, had a confab with the Governor, and on the succeeding Tuesday night he was again in New York. Thence he hurried back to Richmond, returned next day to Raleigh, and, on the floor of the House, offered one hundred thousand dollars for the State's interest in the eight-thousand-acre Penitentiary purchase, when, at the same time, the tax list of his county showed that he only paid tax on *one gold watch!* We call that being pretty "peart."

While he was here in the Legislature, if any one only said "Penitentiary," "sleepy Downing" was wide awake in a minute.—We know not what talismanic power the word had over him, but such is the fact.—During the last hour of the last session of the General Assembly, "Sleepy" occupied the Speaker's Chair. A resolution or bill was called up to pay certain persons, acting under Gen. Sickles' order, for services in locating a Penitentiary. The bill being on its passage upon the second reading, Mr. Strudwick, of Orange, asked for a division of the House, as it was apparent that not more than twenty members voted on it.—The call was overruled by the Chair. Mr. Strudwick appealed, but the Chair was sustained. The bill was declared passed the second and ordered to a third reading.—Mr. Strudwick again called for a division of the House on the vote, stating that he wished to enter his protest on the Journal against the passage of a bill appropriating money, when there were less than twenty-five members voting on it.

His earnestness brought old "Sleepy" to his senses and the division was ordered, and the bill failed for a want of a quorum voting.

"Old Sleepy" is a believer in Penitentiaries and spiritualism. "Sunlight," an Indian maiden, who died two hundred years ago, is his medium and "spiritual affinity." Old Dr. Rush, who died forty years ago, is his physician while North; while South he employs some of our own doctors, Dr. Rush, though the medium, "Sunlight," tells "Sleepy" that his disease is *paralysis*; his physician here differs from Dr. Rush, telling him he is afflicted with *purpurahemorrhagia*, or a giving way of the blood vessels. Between his spiritual doctor and the fleshly doctor, "Sleepy Downing" is very much perplexed to know what's the matter with him.

Professor Hair, Dean Richmond and Steven Girard, have all been to Union county to inspect "Old Sleepy's" gold mines, and have, through the medium, "Sunlight," pronounced them valuable, and consequently he has put a few additional thousands on the price he asks for them.

Downing says that Senator Rich, who died here last session, was buried in New Hampshire instead of Pitt county among his constituents, and that he has fallen in love with "Sunlight," but she repels his addresses, and says she is waiting for Downing, her spiritual affinity.

"Sunlight" further tells "Sleepy" that there is no hell; and this may account for his following Holden, and for his participation in the purchase of the 8,000 acres of land for a penitentiary site, as well as for several other antics he has cut since he has been a member of the Legislature. It is pitiable to hear this poor old sinner talk his spiritual nonsense, which he does with all the earnestness of a priest and coolness of a philosopher.

This idea of "no hell" seems to be prevalent among the Holdenites and Radicals generally. When in Rutherford, last winter, we heard of Rev. Bedford Doggett, a Radical preacher, talking some colored people, who wanted to stop dancing at a wedding, when the hour of midnight arrived, to "go on! go on! the devil is dead, and the fires of hell are put out!"

While on the subject of spiritualism, we will mention that "our beloved Governor," visited the medium, Foster, while in New York, last Fall, in company with sleepy Downing, Dave Jenkins, Littlefield, Swepson, Moore of Chowan and the Railroad Presidents. Judging from the Governor's conduct, especially his proclamation, we should say he had become a convert to spiritualism, and especially to Rev. Doggett's theory of the death of the devil and the quenching of the fires.

We fear that Downing, Doggett, the Governor and the rest of them, will find their new faith a delusion, when too late.

There will be a Convention of the citizens of Stokes County, who oppose the present Radical and corrupt State administration, at Danbury April 30th, for the purpose of appointing delegates to a District Convention, also, one at Winston Forsyth County, for the same purpose.

THE GEORGETOWN AND CHARLOTTE RAILROAD.—It is estimated that the grading and building, trestling and cross ties, of this road, 185 miles in extent, will cost $700,000, or about $4,300 per mile. The iron and rolling stock is estimated to cost $1,300,000; in all $3,000,000. So says the Charlotte *Observer*.

MORE OF THE BRAGG COMMITTEE INVESTIGATION—PROFLIGACY AND CORRUPTION.

There never was a more profligate and corrupt administration of government than is to be found in North Carolina, at the present time. The Chief Executive, does not hesitate to bestow his patronage, lend his countenance, and give his friendship and assistance, to men, not only convicted, but self confessed villains.

An honest, noble Governor may hallow a whole people, and elevate all who live in his time and under his administration. What North Carolinian, in these degenerate days, does not feel proud that he lived in the times and under the administration of such men as Morehead, Graham, Bragg, Manly and Reid, however he may have differed with them politically. Who would hesitate to turn to these for aid and advice against false friends or open enemies of the State? Their virtues were ample guarantees for the faithful performance of their duties.

Who does not feel that the whole people have suffered degradation under the profligacy and corruption of this administration?

If the people want still further evidence than they have yet had, of the profligacy and corruption of this administration, it may be found in the testimony of B. S. Guion, Esq., and Dr. Wm. R. Sloan, as copied from the report of the Bragg Committee.

Mr. Guion, in the goodness of his heart, says he *inferred* so and so. Now, we infer, from Dr. Sloan's own evidence, that he is a corrupt man, and that he was bought by George W. Swepson, who paid the money for him.

Our further inference is that the Doctor could find employment under none but a corrupt administration. His continuance in office, after his confession of having taken a bribe of $20,000, is proof of the profligacy, baseness and corruption of the administration which continues him in its service.

But to the evidence, that the people may see and be amazed at what men in high places can unblushingly avow in regard to themselves.

RALEIGH, March 11, 1870.

B. S. Guion states that he is Engineer of the Wilmington, Charlotte and Rutherford Railroad Company, and has been so since July 1867.

Question. Have you ever heard Wm. Sloan say anything, and what, in reference to his having received from any one, and whom, twenty, or any other number of bonds, of the Atlantic, Tennessee and Ohio Railroad Company?

Answer. In Raleigh, in December 1868, or January 1869, Dr. Sloan mentioned to me that he had been offered a number of State bonds of that Company, in case he would withdraw his opposition to the passage of a law authorizing such bonds to be issued. In Charlotte, in September or October 1869, he told me that he had received the bonds that had been promised to him; I do not recollect the number, or whether he said who had given them to him; but he added that he had deposited them in some bank in New York, whence he could produce them whenever it might be necessary. The general conversation between us at Charlotte was about a plan which he had signed subject to the approval of his Directors, by which certain Railroad Presidents had agreed in New York to consolidate the N. C. State bonds in the hands of a single House for sale; and I gathered from that conversation that Dr. Sloan considered that the transaction in regard to the twenty bonds, gave him some power over the party who had delivered them, in regard to the issue from the State Treasury of a balance of bonds due the Company of which he was President, to wit, the Wilmington, Charlotte and Rutherford Railroad Company, which issue, I inferred, he apprehended would be obstructed by the party who delivered them; and I also inferred from the same conversation, that he thought that the party who delivered those bonds believed that by so doing he would entangle Dr. Sloan, and thus gain power over him.

B. S. GUION,
Sworn and subscribed before the Commission. THOMAS BRAGG,
Chairman.

We omit all that part of Dr. Sloan's evidence relating to the general disposition and manipulation of the bonds of his road, and give only that part of it in which he acknowledges the acceptance of a bribe of twenty bonds to cease his opposition to the passage of the bill named.

Question of the Commission.—Please look over the Treasurer's statement again and inform the Commission what, if anything, you may know in regard to the disposal of the State bonds charged thereupon, or of their proceeds, including in such information what, if anything, you may have heard said by any person, and whom, as to his transactions with said bonds or proceeds? You are aware of the purpose for which the Commission was raised; give us any information which you may have that may aid us in our investigation.

Answer.—I have looked over the statement, and say that I know nothing, of my own knowledge, except that Mr. A. J. Jones, President of the Western Railroad Company, told me during the Fall or Winter that he still had all of his bonds except fifty or sixty; and also, that having successfully opposed the passage of the bill making an appropriation for the Atlantic, Tennessee and Ohio Railroad Company, upon the ground that its gauge (five feet) differed from the other North Carolina Roads. After the defeat of the bill, I was approached by Mr. George W. Swepson, and offered by him forty of the bonds that might be issued for said Company, for with drawal of my opposition. I declined to do so, stating that the gauge was my main objection; he thereupon offered to conform the gauge to that usual in North Carolina, and also to give the forty bonds, if I would withdraw objection. I told him that if he would conform the gauge to the gauge of the North Carolina Railroad Company, I would take twenty of the bonds; thereupon the bill was passed. During the last Fall Mr. Swepson handed me twenty of such bonds; they were worthless then, as they could not be placed on the Stock Board, and are worthless still. I have them yet in my possession. I do not know from whom Mr. Swepson procured them; I know by general report of the suit brought by Kenon against that Company but have heard nothing special in regard thereto.

WM. SLOAN.

Acknowledged and sworn to upon this 28th day of February, 1870, before the undersigned. THOMAS BRAGG,
Chairman.

WHAT IT COSTS.—Mr. Rutjes of the National Hotel, was recently sued for the amount of $6 50, by one Wm. Atwater, colored. Mr. Rutjes contends, and he has the evidence of a young man in his employ, that he had already paid the money to the claimant. It is not our purpose to animadvert on points at issue in regard to the matter, as we might thereby lay ourself liable to the charge of misrepresenting the proceedings of the Court and get in jail for it, but we mention the matter to show what a costly thing "justice" is under the new method of getting it by the Code of Civil Procedure.

Justice Adams issued the warrant against Mr. Rutjes, which was duly executed and the trial set. Judgment was rendered after the hearing of the case, against the Defendant, for debt and costs, and this latter item is what we desire to call especial attention to. We have seen the schedule and it amounts to $12 60, namely:

Original debt,	$6.50
Aggregate costs,	6.10
	$12 60

Under our old system of law the trial and decision of this case would not have exceeded one dollar, perhaps, not forty cents; so the cost under our new plan of conducting these things is, at least six times as heavy as it was under the old.

Mr. Rutjes paid the bill, but we opine he did it with no very good grace. And this is what we get for our promised economical government!

As another refutation of the abominable lies of Gov. Holden and others of that ilk, we take the following from the Wilmington *Journal*:

JACKSONVILLE, N. C., March 28, 1870.

Editors Wilmington Journal:—I was surprised at seeing in your last issue an extract taken from the Washington City correspondence of the New York Herald, in which was stated that M. S. Littlefield would present to the President a communication from Gov. Holden requesting a force of United States troops to assist in preserving order in North Carolina. And, Messrs. Editors, much more was I surprised at seeing that the county of Onslow was among the number said to be in a disturbed condition.—Now I can assure Gov. Holden, or M. S. Littlefield, or President Grant, that nine-tenths of the people of Onslow county are as anxious and as ready to assist in seeing the laws executed as either of them. And that there are not twenty five men in the county that I cannot arrest without aid of any kind, save that of a lawful precept, and not one that I cannot arrest with the aid of two citizens and a lawful precept. There has not been but one murder in the county, to my knowledge, since the war, and that was rigidly investigated, but no clue could be had to the perpetrators. There has been but one rape committed in the county since the war, and the perpetrator paid the penalty of the law by hanging by the neck till he was dead. There may be, and no doubt are, some larcenies and assaults and batteries committed and the guilty offenders escape; but where is the county in North Carolina or any other State where all violations of the law are punished.

I have been Sheriff of this county for eight years, and am sure that there is not a more law-abiding and law loving community in North Carolina and not one to whom the law (when violated) is a greater terror than that of Onslow county.

I make this plain statement in simple justice to myself and the citizens of my county. If you think it worthy of a place in your columns, you will please insert it for the benefit of those whom it may concern.

I am, very respectfully, &c., &c.,
E. MURRILL,
Sheriff of Onslow County.

CARD.
SOUTHERN LIFE INSURANCE CO.
TO THE PEOPLE OF NORTH CAROLINA.
AT the request of General Jno. B. Gordon, President Atlanta Department, I have come to your State to bring prominently before you the claims and merits of the Southern Life Insurance Company. It is under the control of as honorable and as responsible men as there are in the land. It is managed in the most prudent and economical manner and will deal justly and fairly with all.
We have no war to make upon other Insurance Companies, but we do wish to impress upon the people the importance of *keeping their money at home.* By careful calculation it is estimated that a sum of not less than *four millions* (annually) is sent from the South to the North for Life Insurance and unless checked will surely prove suicidal to our interests. We ask you to consider how greatly the material interest of this section would be benefited by the retention of these enormous sums in our midst.
We send no money AWAY to enrich foreign capitalists but every dollar of premium (less expenses) IS INVESTED IN THE STATE FROM WHICH IT IS DERIVED.
This department of the Company has operated both in Georgia and South Carolina, and has done an unprecedentedly large business. Some of the most prominent gentlemen in these States are identified with its interest. Its Board of Directors embrace the names of the ablest financiers, and most successful business men in the South. They are the Trustees of the sacred fund of the widow and orphan. Will you not trust your friends and neighbors; or is it more secure in the hands of a ranger? We appeal to you to assist us in pushing forward this deservedly popular and reliable Southern corporation. Its solvency is unsurpassed by any Company doing business in the United States, its ratio of assets to liabilities *thereby true test of a Company's strength*, fully substantiating this statement.—We would respectfully call attention to the Board of Directors and Stockholders, published in another column, and to our Board of Referees in this State and others.

THE SENTINEL.

CITY AND STATE ITEMS.

SATURDAY, APRIL 9, 1870.

Thos. N. Hunt, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

Y. M. C. Association.—At a regular meeting of the Young Mens's Christian Association of this city, on Monday, 4th inst., the following officers were elected for the ensuing year:

President.—W. H. Crow.

Vice Presidents.—John M. Armstrong and Jesse A. Jones.

Treasurer.—Wm. Primrose.

Secretary.—James M. Roberson.

This association has been an instrument ality of much good to the poor and destitute of the city, in directing the alms of benevolent persons entrusted to it in a proper direction and in a systematic manner.

Knitting Nee.—We call attention to the card of the Proprietor of the National Portable Stove and Gas Light, on exhibition at the Yarborough House. We have not seen it and therefore cannot speak of it from personal observation, but our exchanges speak of it highly as something worthy public attention.

He also, Dickson Cotton seed for sale by W. H. Jones & Co.

Also fine, gentle family mare for sale.

Mill and Gin Burnt.—On Thursday night about half after 11 o'clock, just as our paper was put to press, the alarm of fire was given, caused by a bright light apparently in the Southern edge of the city, evidently proceeding from a house on fire. It proved to be the mill and gin house of Moses A. Bledsoe, Esq., situated on Walnut Creek, about a mile out of town. Before assistance could reach the place the mill and contents were so far destroyed as to render all efforts to save anything futile, and the new Fire Engine Company and many citizens who started to the place turned back before reaching it. There was no insurance on the mill and machinery in the Home Fire Insurance Company, to what amount we have not learned; nor did we learn what was the estimated loss.

The fire was the work of an incendiary, and this is the second time Mr. Bledsoe has suffered from the same cause within a year, having had his dwelling and furniture destroyed by fire some time last year, we think it was.

North Carolina Shoes.—We had a call, yesterday, from young Mr. Vogler, son of E. A. Vogler Esq., of Salem, N. C., of the firm of Vogler & Co., who are extensively engaged in the manufacture of shoes in that ancient and thriving town.

Mr. Vogler exhibited to us samples of different kinds of boots and shoes for Men, Women, Misses, Boys and Youths, of superior quality, workmanship and finish, and the prices attached show that our people may patronize this enterprise in our own State as well on account of economy as in the assurance of getting first class work.

Sewing Machines.—Since the invention of these labor saving institutions, there have been a vast number of improvements and changes patented, each one claiming to be the *ne plus ultra* of human invention for utility and cheapness; but we believe a large number of them are no better than humbugs.

In this class, however, is not included the American Combination Button Hole and Sewing Machine, which we are now advertising in the Sentinel. It is not what may be called one of the cheap machines, yet we believe in this, as in many other things, "the best is the cheapest." Call at Mr. Shelburn's (Mrs. Thompson's old stand,) and examine these excellent machines.

Soda Water.—Byron was a patron of "bock and soda water" establishments, especially after a night enlivened by Scotch or Heidsic. Soda water, without such a preface, is very palatable, and everybody is fond of it, because of its pleasant taste and refreshing qualities.

We notice that Gatlis has fixed up his fine new Fount, at his Confectionery establishment, on Fayetteville street, where, notwithstanding the earliness of the season, he is daily dispensing Soda to thirsty inhabitants, many of whom, no doubt, find it a better restorative than "hair of the same dog," but the larger number drink it for its nice, cool and refreshing qualities.

Payment of Insurance.—The following acknowledgement of the receipt of the full amount of an insurance policy issued to Mr. D. J. Ramsey, of Beaufort, is another evidence of the propriety of making that sort of provision for the protection of one's family in case of death. The Ætna has paid to the representatives of various families in this State, within the last three years, one hundred and fifty-three thousand dollars:

Beaufort, N. C., March 28th, 1870.

H. C. Lowenberg, Local Agent for "Ætna" Life Ins. Co., Hartford, Con.

Sir:—Through W. H. Crow, General Agent, Raleigh, N. C., I have to acknowledge the receipt of $10,000.00 for Policy No. 36 606, held by Mr. David J. Ramsey, deceased, in the Ætna Company, and with pleasure recommend you to the community at large as an efficient Agent, as well as your excellent company for their prompt payment of claims against them.

Yours respectfully,

WM. B. DUNCAN, Adm'r.
of D. J. Ramsey, dec'd.

Rescue Fire Company.—A Committee of this Company was out yesterday for the purpose of raising subscriptions of money from our citizens to assist in paying for their new Engine. The people, or rather the property holders of the city are not in want of information in respect to what they ought to do in regard to assisting pecuniarily in establishing an efficient Fire Department in the city; the only things necessary are, the ability and the liberality to make that ability available.

We are glad to learn that the Committee are meeting with success, though not as fully as, perhaps, they had reason to expect, in view of the enterprise they are engaged in.

Many property holders have subscribed very liberally, and we understand the Home Fire Insurance Company have subscribed *three hundred dollars* to the Engine fund.

We copy the following letter from Mr. Pescud, Agent for a number of Fire Insurance Companies, that our citizens may see the advantage that will accure to them in *the reduction of insurance* when the Company shall be fully equipped:

Raleigh, N. C. April 8, 1870.

To the Rescue Fire Co. No. 1, Raleigh N. C.

Gents:—I take great pleasure in contributing $50 to your Company as my private subscription, and hope to get a like sum from each of the Companies I represent.

You have my authority to say to our citizens that as soon as your Company is thoroughly equipped and furnished, and an adequate number of cisterns at suitable points are completed and filled, I will abate the present rate of Insurance ¼ of one per cent policies in force in my office.

Very Respectfully,

P. F. PESCUD.
General Agent.

Above suspicion.—A number of the most prominent and influential citizens of the noble old commonwealth of Kentucky have united together to from and recommend to the people at large for patronage, a very attractive Prize Scheme; and we are glad to be able to say that the inducements are so great, and the security for the faithful performance of all promises so strong, that it places the whole thing entirely unsuspicion. We will be happy to furnish any of our friends information on the subject or to aid them in securing tickets.

PHALON'S

"VITALIA;"

Or,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

The Vitalia is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

Any person violating the provisions of this paragraph and section thirteen of this act, shall be deemed guilty of a petty misdemeanor, and upon conviction before any magistrate, shall be fined not exceeding fifty dollars or imprisonment not exceeding one month, and shall forfeit and pay besides two hundred dollars to the Sheriff, to be collected by distress or otherwise, one-half of which shall be accounted for as other taxes, the other half to the use of the informer and the Sheriff equally.

Sec. 28. Sec 29 No person shall follow any of the trades or professions taxed by this act, or in any other act, imposing taxes on trades and professions and franchises, without first obtaining a license from the Sheriff of the county in which the trade or profession is to be followed, or the franchise enjoyed. Such license shall give to the person obtaining it the right to practice the trade or profession or to enjoy the franchise therein specified in the county of the Sheriff, by whom it is issued, and in no other, unless the law imposing the tax shall otherwise direct, from its date to the following first day of April; *Provided*, That nothing in this s ction shall apply to licensed practicing physicians, lawyers or dentists.

Sec. 30 The form of the license shall be in substance as follows:

Received the ..... day of ..... 18.... of ..... dollars, of which ..... dollars is the tax to the State of North Carolina, and ..... dollars the tax to the county of ..... for his license to practice the trade (or profession) of ..... until the first day of April next.

(Signed.) A..... B.....
Sheriff of ..... County.

(Countersigned.)
C.....D.....
Register of Deeds for ..... Co nty.

Sec. 31 The amount of taxes to be paid on obtaining the license to practice any trade or profession which is taxed by a certain sum, shall be in proportion to the tax imposed for the whole year, as the unexpired portion of the year from the date of the license is to the whole year.

Sec. 32. Every insurance company, not incorporated in this State, doing business therein, shall pay an annual tax of one per cent to the Treasurer of the State, upon the gross receipts derived from the premiums charged for insurance obtained therein, unless the company shall exhibit to the Governor, Auditor and Treasurer a sworn statement of investments in real property situated in this State, or loans secured by mortgage to citizens of the state of an amount equal to one-half of such gross receipts when the tax shall be one-half of one per cent. said tax to be paid quarterly, viz: on the first days of April, July, October and January in each year. Each general agent shall be required on the above named days to make a statement to the Treasurer, under oath, that the amount by him returned is a full and correct statement for such quarter. On failure to comply with the provisions of this section, every such company shall pay as tax two thousand dollars, and the principal agent shall be liable therefor. Every such company shall be required to appoint a general agent, who shall obtain a license from the State Treasurer before transacting any business therein, and before such license is granted, the applicant shall show to the Treasurer his appointment as general agent, under seal of the company, and thereupon the license shall be granted by the payment of one hundred dollars, and such license shall be renewed annually by the payment of said sum. And it shall be the duty of said general agent to furnish each of his subagents with a commission authorizing him to do business. And any one found soliciting insurance without such commission, shall be deemed guilty of a misdemeanor and be fined not less than one thousand dollars and imprisoned not less than ninety days. The agent effecting the insurance shall, on the first days of April, July, October and January, make returns to the sheriff of the county in which the insurance is effected, of all the business done by him during the preceding quarter in said county, and shall pay to him the county tax assessed on such business. The general agent shall also, on the first days of April, July, October and January, make returns to the sheriff of each county, of the amount of gross receipts for premiums received from such county for such quarter. It shall further be required of the general agent or his local agent, to pay to the sheriff of each county the county tax assessed upon the gross receipts of premiums collected in such county, at the time and in the manner as required by the State, and no municipal corporation shall be allowed to add any additional tax; *Provided*, That no county or corporation shall be allowed to tax insurance agents for license. On failure to make returns, or to pay as aforesaid, said agent shall pay twenty-five dollars for each policy effected or negotiated by him in such county.

Sec. 33 Any person proposing to follow any taxed trade or profession may take out a license in advance of the time when he proposes to begin such trade or profession, or in advance of the expiration of a license already held by him. In such case the license shall be truly dated, and shall specify the time at which it shall begin to be of force, as well as the time when it shall expire, which shall always be on the first day of January, April, July and October.

Sec. 34. No license issued by the sheriff shall be valid until the same shall have been exhibited to and countersigned by the register of deeds of the county, who shall receive for the services imposed on him by this act in reference to licenses, a fee of ten cents from every person licensed.

Sec. 35. The Register of Deeds shall keep a book, in which he shall record the name of the person licensed, the trade or profession to be followed or the franchise to be enjoyed, the date at which it begins to run and the sum paid to the sheriff, and he shall, on the third Monday in January, April, July and October send a certified copy of once record, for the quarter last preceding, to the Auditor of the State, who shall charge the Sheriff with the amount so appearing due. If any Register shall fail to perform the duty hereby imposed on him, he shall forfeit to the State a penalty of two hundred dollars, to be recovered of him and the sureties to his official bond, on motion in the Superior Court for the county of Wake, and on such motion a certified copy of his official bond and the certificate of the Auditor of State, setting forth his failure to make the required return, shall be *prima facie* evidence entitling the State to judgment in the absence of any sufficient defence.

Sec. 36 Every person who shall practice any trade or profession, or use any franchise taxed by the law of North Carolina, without first having paid the tax and obtained a license as herein required, shall be deemed guilty of a misdemeanor, and shall also forfeit and pay to the State a penalty not to exceed twenty dollars at the discretion of the Court, and in default of the payment of such fine, he may be imprisoned for not more than one month at the discretion of the Court, for every day on which he shall practice such trade or profession, or use such franchise, which penalty the Sheriff of the county in which it is incurred shall cause to be prosecuted for before any Justice of the Peace of the county.

Sec 37 The Sheriff shall immediately report to the Register of Deeds, all sums recovered by him as penalties under this act, and the Register shall add three-fourths of each penalty delivered to the record of licenses required to be kept by him; the other fourth the Sheriff may retain.

Sec. 38. No license shall be granted to any person until the license tax due by such person shall be duly secured by bond as required in section thirteen of schedule "B."

WHY THE

National Life Insurance Company,

OF THE

UNITED STATES OF AMERICA

can, and does issue a larger Policy for less money than any other Company, represented in North Carolina.

The National was organized in August 1868. She has issued nearly

10,000 POLICIES,

HAS A CASH CAPITAL OF

$1,000,000,

which was all paid in before a Policy was issued and which has already increased, fifty per cent. All the losses reported to 1st Jan'y last amounted to but $40,000, and as a further evidence of the great care observed in the selection of risks, 926 applications amounting to nearly $2,000,000, were rejected last year. Therefore a solid basis and inducements that none but Stock Companies can afford, is enjoyed by all who prefer the National to Mutual or mixed Companies.

ALL LIABILITY FOR LOSSES IS AVOIDED.

Every man who has a family, should try to create an Estate for their support, when he is taken from them by death—and a very small annuity spent for a Policy secures a larger amount of Cash Assets, and is far more certain, than the same amount will secure in any other investment, and a more tender expression of love and responsibility could not in any other way be more beautifully expressed.

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivaled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

SUCCESS THE CRITERION!

THE BEST MANAGED IS THE BEST COMPANY!

DE SOTO MUTUAL LIFE INSURANCE COMPANY,

OF ST. LOUIS, MISSOURI.

JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150.000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

Pianos for Sale! Pianos for Sale.

MR. WILLIAM H. VAUGHAN, WELL known in our community as a Musician and Piano Tuner, is now appointed Agent for those splendid, Seven Octave, fine Rose Wood Pianos, built by O. M. Tremaine & Bro. These Pianos will be warranted for six years, and Mr. Vaughan is here ready to keep the instrument in perfect tune, if it should need it. He has at this time one of the Pianos at his residence, on Cabarrus Street, a little East of the N. C. R. R. Depot and would be glad to show it to any one who will call to see it.

These instruments took the premium at the Virginia State Fair, and without doubt are the best and cheapest instruments in the North or South.

Old Pianos taken in exchange for new ones, at a fair price. As I am confident that I can sell cheaper than any body else, I beg of my own people in the State to give me a call before purchasing elsewhere.

Piano tuning and Repairing done at shortest notice. Can make an old Piano as good almost as new, for a very low sum.
